## \*\*\* Friends of the Festival \*\*\*

The wonderful program you see at the Arcata Folk Dance Festival is an ALL VOLUNTEER effort!

Even though our teachers and performers are generously volunteering their time, the costs of producing the festival are not covered by registration income alone.

Since we believe it is important to keep festival admission prices low enough to be affordable to those on limited incomes, additional fund raising is a key part of making the festival happen.

When registering for the festival, look for the "Voluntary additional donation" column, and consider donating any additional amount to help defray the costs of putting on this special event.

We also need non-financial donations to the festival! We would greatly appreciate your selecting job on the registration form to offer to help out.

**Thank you very much!**

\*\*\* **See you at the festival!** \*\*\*
